Slow-Close American Standard Toilet Seats that don't slip

Find them at Home Depot on Terminal Ave.
The toilets seats that the builder supplied were Bemis generic substitutes and not original American Standard toilet seats. The Bemis toilet seats are too small for the toilet bowl and they are lacking in a rubber grip that is needed to keep the seat from moving around and coming loose. The proper toilet seat is the #5727 Cadet Slow Close Elongated Toilet Seat which is available at Home Depot. It doesn't slip around and the toilet seat covers the bowl properly. The slow close feature is very classy.

Weiser Front Door Single Cylinder Deadbolts featuring SmartKey (Satin Chrome)

Find them at Canadian Tire (#046-7472-6), Council-approved replacements for the old Taymor deadbolts
Taymor 34-FV496 satin chrome deadbolts are available at Home Depot
Taymor 36-D7505SC satin chrome entrance door levers can be ordered at Richmond Building Supplies.
